

27. **Ailment/Diagnosis:** **Stomach Ulcer**  
**Symptoms:** not listed  
**Treatment Regimen:** Cleanshield (Internal) - 1 tablespoon 3 times daily  
**Result of Medication:** **Positive** - "Relieved of stomach complaints"  
**Length of time to achieve result:** 10 days  
**Name/Patient Details:** L.O.; Female; 58 years old  
**Additional Notes:** After 10 days she returned to us with her husband, who also submitted himself to the trial, because he also had the same complaints as his wife. Both of them are now happy and relieved of their stomach complaints. They reported that they are now even eating those food items heretofore forbidden by their former doctors. Now they are still taken TSD-INT one table spoonful 2 times daily. We envisage a cautious dose reduction towards end of this May 2007.

28. **Ailment/Diagnosis:** **Severe Stomach Upset and Constant Belching**  
**Symptoms:** not listed  
**Treatment Regimen:** Cleanshield (Internal) - 1 tablespoon 3 times daily  
**Result of Medication:** **Positive** - "After 10 days he was relieved of the belching and of the abdominal discomfort."  
**Length of time to achieve result:** 10 days  
**Name/Patient Details:** N.A.; Male; 48 years old; Stock Fish Salesman  
**Additional Notes:** After 10 days he was relieved of the belching and of the abdominal discomfort. The dosage was reduced to 2 table spoonfuls daily. He returned after two weeks complain that he was "getting worried" because the initial joy he had over efficacy of the product was being dampened. He was encouraged to return to the 3 table spoonfuls regimen. His job keeps him uptight from morning to evening. I have prescribed a holiday for him.

29. **Ailment/Diagnosis:** **Upset stomach and stomach colics**  
**Symptoms:** not listed  
**Treatment Regimen:** Cleanshield (Internal) - 2 tablespoons 2x for 3 days  
**Result of Medication:** **Positive** - no stomach complaints  
**Length of time to achieve result:** 3+ Days  
**Name/Patient Details:** A.O.O; Female  
**Additional Notes:** She immediately experienced a great calm to the stomach. The day after, she had another attack but not as severe as of the day before. She took TSD-INT 2 table spoonfuls 2 times daily for 3 days. That was about 5 weeks ago. Since then she has not had any stomach complaints.
