32. **Ailment/Diagnosis:** **Prosthesis User**
Symptoms: Sweating; Smell
Treatment Regiment: Cleanshield (Topical)
Result of Medication: **Positive** – effectively cleans and deodorizes prosthesis
Length of time to achieve result: Unknown
Name/Patient Details: Cameron Clapp
Additional Notes: “Being a triple amputee I definitely experience sweating profusely, because I wear arm prosthesis and two lower extremity prostheses. They tend to get very smelly. I was never able to get rid of the smell with rubbing alcohol... I am now using only Cleanshield. It also works wonderfully on any skin problems, plus it cleans and deodorizes all of my prostheses. I am also using it on my face to help clear up my acne, what a great product.”
